

# **TAFT EAGLE LACROSSE**

Taft High School Lacrosse is an up and coming program, with an emphasis on player and team development. Lacrosse is currently the fastest growing sport in America, and for good reason!

The game is action-packed, with hard hits, fast shots, and monster saves. Players have a variety of responsibilities- our defensemen must be brave and strong in keeping their players far from our goal- our middies must be determined and skilled in all aspects of the game- and our attackmen must be agile and elusive while putting pressure on their team defense.

Lacrosse is the most challenging team sport at Taft. We practice and play hard, and with dedicated players joining the team each year, we will be a force in the Metro Conference for many years to come. Email Coach Harte at [djharte@cps.edu](mailto:djharte@cps.edu) with ???'s
