School Bus Route selection form

Current Taft Academic Center students:
• If you are currently utilizing bus service and do not need to change the pick-up site, there is no need to return ANY forms. All busing information will remain in effect from this school year.
• If you need to change your pick-up site, please complete both sides of this sheet and return to Mrs. Cobb

Incoming Taft Academic Center students:
Choose the site that best fits your student's requirements. Fill out the form with the route number and the name of the school. Let me know if there is another school stop that would be more convenient. I will do my best to accommodate as many families as possible, but there is never a guarantee of school pick-up sites. Remember, students must live minimally 1 ½ miles from Taft to be eligible for bus services. **A copy of a current utility bill must be attached to this request.**
• Complete and return this form at registration or mail to:
